the state for Students for
Quality Education's (SQE)

IS A RIGHT

Statewide

Week of

Action

April 13 – 17, 2015

Within the California State University (CSU) system, tuition, campus based fees, and cost of living have increased dramatically in the past decade. Additionally, administrative salaries have rocketed, faculty wages have stagnated, and the financial weight of CSU expenses has shifted onto the shoulders' of students and their families.

We must come together, build community and formulate demands that work for our universities. We must act and we must act now.

FULLY FUND THE CSU!!
EDUCATION SHOULD BE FREE!
